## **PLAN PURPOSE:**

To develop a coordinated, voluntary program to protect and promote the region's most valued natural landscapes and open spaces. The goal is to preserve these assets; thereby maintaining our high quality of life as the region continues to grow and prosper.

## **ABOUT THE WORKSHOPS:**

This will be the second round of public meetings for the project. The purpose is for project planners to hear from the public about what they value most in terms of open space, and to provide information on the project purpose, goals, scope, schedule, and input received to-date. Each meeting will feature the same information, and each will be drop-in from 4-6:30pm.
